

**KELSO SCHOOL DISTRICT NO. 458
REQUEST FOR ARCHITECT AND ENGINEER QUALIFICATIONS
PLANNING AND DESIGN OF CAPITAL FACILITIES
BUTLER ACRES MODERNIZATION & CLASSROOM ADDITION
CARROLLS ELEMENTARY SCHOOL MODERNIZATION**

In accordance with chapter 39.80 RCW, Kelso School District is utilizing the Request for Qualifications process for acquiring architectural and certain engineering services. The District invites you to submit your firm's qualifications for architectural and engineering services for planning and design, and related services, for the modernization and classroom addition for the Butler Acres Elementary School, and the modernization of the Carrolls Elementary School.

These projects will be funded from the 2018 capital bond proceeds as well as OSPI SCAP funding.

For purposes of this submittal, engineering firm qualifications will be limited to those disciplines traditionally under the management of the architect (structural, mechanical, electrical and civil engineering). The District reserves the right to require that alternative engineering consultants be retained by the successful architect. Without waiving their right to interview other teams, the District may interview the top three most qualified teams. It is the intent to choose one team with which they will negotiate a service contract and fee.

Copies of the RFQ submittal requirements may be obtained from the following web address:
<http://www.kelso.wednet.edu/district/departments/capital-projects-and-construction/>

Please contact Phil Iverson Philip.iverson@esd112.org with questions regarding this solicitation.
